Tips for Engaging with Your LEGISLATORS

Advocacy is the act of supporting, promoting, or speaking out for a cause, idea, policy, or group. It involves efforts to influence decision-makers, public opinion, and systems to bring about social, political, economic, or environmental change.

Introduce Yourself and Your Connection to the Area

Clearly state who you are, where you live, and why their decisions matter to you. Emphasize that you are a constituent, and they represent your concerns.

Make it Personal

A personal story—yours or a client’s—can make a powerful impact. A brief, heartfelt statement helps put a human face on the issue and strengthens your message.

Be specific

Clearly outline the action you want them to take. Do you want them to support or oppose a specific bill? Speak out on an issue? Vote a certain way? Providing a clear action item increases the likelihood of a response.

Share the Impact

Numbers can strengthen your message. Share a compelling statistic—such as the number of people affected, services provided, or community impact—to reinforce the urgency and importance of your request.

Ways to Advocate

You can choose the platform that works best for you:

- Make a phone call
- Send an email
- Write a letter

All forms of communication matter and contribute to change

Does My Call Make a Difference?

Absolutely! Staffers track and tally calls on key issues, and a high volume of outreach can influence decision-making. Your voice counts!

STAND UP *for* SENIORS

Protect Essential Services for Seniors and Caregivers-
they are not luxuries, they are *lifelines.*

**“I feel very safe
living alone,
knowing your
service is a
button away.”**

Older adults and family caregivers in our region depend on vital services like home-delivered meals, in-home care, respite support, and transportation to remain independent and age with choice.

Without continued funding:

 **Over 18,000 older adults will lose services**
A **13% increase** in clients over the last 3 years, and demand continues to rise

Waitlists will grow Already, seniors in our community are waiting for key services, with some having **8+ month** wait times

Effective programs will be cut, despite proven impact. Every \$1 invested helps prevent costly hospitalizations and long-term care placements

Act now to ensure these critical services continue! Contact Congress!

Senior Services Funding Script/Talking Points

2 main points- simplified

1. Proven impact- over 18,000 West Michigan older adults served and growing

2. Cost effective- fraction of nursing home cost

Call Script

Hello, my name is [Your Name], and I am reaching out from [your community]. I want to express my concern regarding the recent federal freeze of congressionally appropriated funds, which threatens critical services for older adults and individuals with disabilities in our community.

Key Message:

This funding freeze is not just a bureaucratic delay—it puts thousands of vulnerable individuals at risk. Older adults and family caregivers in our region rely on essential programs like home-delivered meals, in-home care, respite support, and transportation to remain independent and age with dignity. Without immediate action:

- **18,000 older adults in West Michigan will lose access to services they depend on**
- **Demand has surged- We've seen a 13% increase in clients over the last three years, with waitlists already stretching over 8 months for some programs**
- **In-home care is a proven, cost-effective solution. It costs a fraction of nursing home placement and helps seniors remain in their homes longer, where they want to be. Every \$1 invested in these services prevents costly hospitalizations and long-term care placements, saving taxpayers significantly.**
- **Cutting these programs will force more seniors into institutional settings, dramatically increasing costs for families and the healthcare system**

Call to Action:

We urge you to act now to ensure these critical services are properly funded, especially with the continuing resolution lapsing on 3/15. Protect the integrity of Congress's appropriations process and advocate for the immediate release of these essential, already-allocated funds. Older adults, persons with disabilities, and caregivers in your district cannot afford to wait.

Thank you for your time and for your commitment to serving our community.

Proven Impact

Did You Know?

For every \$1 spent on home-based care, we prevent thousands in hospitalizations and long-term care costs. Programs like in-home support and meal delivery keep seniors healthier, reducing ER visits and delaying costly nursing home placements. Cutting these services won't save money—it will drive up healthcare costs and strain families. Smart investments today mean lower costs tomorrow. Advocacy matters—help us protect these crucial programs and save lives! #ProvenImpact #HealthAtHome #ProtectSeniorCare

Caregiver Support

Stronger Together

Family caregivers are the foundation of senior care, but they can't do it alone. Respite services, transportation, and home support help keep families strong. Don't let funding cuts take away these essential lifelines! Speak up today. #CaregiverSupport #CommunityCares #ProtectSeniorCare

Aging in Place

Seniors want to age in place—in their own homes, with dignity and support. But without funding for in-home care and respite services, many face uncertainty. Let's make sure our aging loved ones have the resources they need. Contact Congress today! #AgeYourWay #IndependenceMatters #ProtectSeniorCare

Home is where the heart is

Seniors who age at home tend to be

**HEALTHIER,
HAPPIER, and
MORE
INDEPENDENT.**

Without funding, thousands of seniors in West Michigan will lose their right to age at home.

Financial Advantage/ Reach

Cutting senior services doesn't cut costs, it increases them for everyone. When we invest in home care, meal delivery, and respite support, we're not just helping seniors—we're strengthening our entire community. A single senior service impacts all of us. Investing in these programs is the smart financial choice for families, taxpayers, and policymakers alike. Let's protect what works! #CareMatters #ProtectSeniorCare

PROVEN REACH

1 ONE SENIOR SERVICE SUPPORTS...

GOVERNMENT

Efficient use of spending, leveraging nearly 3 dollars for each dollar spent

COMMUNITY

Lower tax-payer costs for at-home care over nursing home care

CAREGIVER

Relieves the caregiver's burden, provides respite

OLDER ADULT

ages in place
